

School Supply List for Fourth Grade for 2026-2027

Welcome to Fourth Grade! We're glad to have you at LCS. Please see misscrachi.com for pictures for set up and clarification on some items. [The Amazon list for this is here](#) so you can see the items and order ones you want. You don't have to get the ones on that list (other places could be cheaper), but it gives you an idea of what to order.

- 2 boxes of facial **tissues** for your desk (*unscented- I recommend a small box to put on your desk*)
- small, unscented **hand sanitizer** to keep in your desk
- 1 bag of individually-wrapped **candy** (ex: Blow pops, Jolly Ranchers, Airheads, Dum-Dum pops, Smarties, etc.): can get at the Dollar Store
- a **water bottle** that completely closes (*one with a straw that closes, please, because spills occur frequently*)
- sneakers are needed for PE days if you don't wear them to school
- a healthy snack for each day (one item: fruit, veggies, crackers and cheese, pretzels, popcorn, etc.)

Academic: Please put your name on everything possible.

- One **3-ring binder** (any color), either 1.5 or 2 inches (*must fit in this order: pencil pouch, the school-provided planner which you'll get on the first day, unique school/home folder, green math folder, green math notebook, paper*)

Binder supply details:

- **Zippered pencil pouch** that goes in the front of the binder with the following in it:
 - **pencils**, sharpened (*I suggest mechanical pencils: put a few in the pencil pouch and bring others to put in your cubby*)
 - large **eraser** (*goes in the pencil pouch*)
 - **scissors** (*small but with pointed blades so they cut well; make sure the scissors are small enough to fit into the pencil pouch*)

- 1 pack of **colored pencils** (*an 8-pack is fine, take them out of the box and keep them in your pencil pouch*)
- earbud **headphones** (*goes in the pencil pouch*)
- small **pencil sharpener** with a shavings catcher (*for the colored pencils; make sure it closes so it doesn't spill*) (*goes in the pencil pouch*)
- **glue sticks** (*we use these for our notebooks in almost every subject most days, so you'll need quite a lot-you can put some in the pencil pouch and the rest in your cubby*)
- 5 **folders** with side pockets: Please get one of each of these colors: red, orange, yellow, blue, purple
- 2 **folders** that are **3-hole punched** and have side pockets: green and a unique one (*can be anything, but not one of those colors*). Label each with your child's name. Then label the colors the following way: Unique 3-hole punched folder: Label it "Home/School" on the outside, and on the inside label the left side "Goes Home" and the right side "Goes to School" (*goes in the binder*); Green folder 3-hole punched folder: Label it "Math" on the outside, and on the inside label the left side "Math Work To Do: HW, Corrections" and the right side "Math Work Done" (*goes in the binder*); Red folder: Label it "Science" on the outside; Orange folder: Label it "Social Studies" on the outside and Yellow folder: Label it "Stays in School" on the outside; Blue folder: Label it "ELA" on the outside; Purple folder: Label it "Bible" on the outside. (*see my [website](#) for pictures for the set up*)
- 1 green, 3-hole-punched **spiral notebook**: label it with your child's name and "Math" (*pages don't need to be numbered; goes in the binder*)
- 1 pack of 8.5x11" college-ruled lined **paper** (*please use regular paper, not paper torn from a notebook since that creates a mess; goes in the binder*)
- 3 marble composition **notebooks**, 100 sheets (200 pages): It's important that you get 100 sheets (200 pages) for the Science/SS and Bible notebooks and that you number the pages because we use every page in those notebooks and we do not go in order. Get 3 different colors, if possible- *if you can't get these specific colors, please get black*: label one for Science and Social Studies (red or orange), one for Bible (purple), and one for ELA (blue). **Please number** the Science/SS and Bible notebook pages (NOT ELA), with number 1 being the first page in the upper right corner, 2 being the second page in the upper left corner, etc., with odd numbers in the upper right and even numbers in the upper left. (*see my [website](#) for pictures for the set up*)
- Spiral bound **sketch book**: 8-1/2" x 11" or 9" x 12", 70# weight for art class
- 12-inch **ruler** with metric on one edge, inches on the other (*don't get one that bends because it will quickly become inaccurate; make sure the inch side has lines of various sizes- see my [website](#) for pictures*)

- a **Bible** (***you do NOT need to buy a new one**, but if you do need to get one, please get one **without** tabs and with a concordance in the back if possible- the NIV Adventure Bible that many students have is a good one*)
- 3x5 white **index cards** (50) with lines on one side and the other side blank, with a **rubber band** to keep them together when they are opened
- 3 small-size (not mini) **binder clips** (*these are **optional**, but they are a very helpful “bookmark” for many students; one each for the planner, ELA, & math notebooks*)
